Clematis 'Danielle' PPAF

DANIELLE CLEMATIS

Overlapping vibrant purple-blue tepals with carmine-tinged central bars and rich red-tipped stamens distinguish Danielle's large shapely blooms. Booms June and September. 6-8'

Clematis 'Morning Mist'

MORNING MIST CLEMATIS

Morning Mist Clematis is a new hybrid with soft pink flowers with a slightly darker midrib. It has large ruffled flowers that glisten in the sunlight. Morning Mist is very vigorous with good branching and very free-flowering. 6-10'

Clematis 'Rebecca'

REBECCA CLEMATIS

Very large stunning bright red flowers with creamy yellow anthers. Exceptionally free flowering May-June and August. 6-9'

Clematis 'Sugar Candy'

SUGAR CANDY PREMIUM CLEMATIS

Large 6-7" flowers with pinkish mauve pointed petals which have a darker center bar and contrasting yellow anthers. Blooms late spring through early summer and again in late summer. 8'-10'

Echinacea 'Double Lavender Perfection'

DOUBLE LAVENDER PERFECTION CONEFLOWER

Dahlia-like lavender blooms on 20" stems. It has been trialed for over 4 years and has proven to be stable in holding its double form. Blooms summer to autumn.

Echinacea 'Hot Papaya'

HOT PAPAYA CONEFLOWER

Double tufted centers are a bold mix of hot pink flushed with tangerine-orange. These double orange flowers bloom early July for 8 to 12 weeks with a fragrant bloom on sturdy upright stems. Grows 30-36" high x 24-30" wide.

Echinacea purpurea 'Marmalade' PPAF

MARMALADE CONEFLOWER

The double flowers have a striking bright, light orange color that can darken depending on climate. 'Marmalade' flowers as early as mid June into August. The very strong stems branch well and grow 32" tall. Fragrant blooms are an added bonus.

NEW TO BREHOB NURSERY 2012 PERENNIALS

(Some items not available until summer/fall 2012)

Echinacea 'Now Cheesier' PPAF

NOW CHEESIER CONEFLOWER

This cheddar-colored Echinacea has very large blooms that lighten only slightly during the summer heat. It blooms all summer long from well-branched stems on a sturdy plant. 15" tall plants sport 24" blooms 5" wide. Tolerant of most soils, but prefers well drained soil.

Echinacea purpurea 'PowWow White'

POWWOW WHITE CONEFLOWER

Echinacea purpurea 'PowWow White' flowers mid spring to late fall. It grows from 1 to 2 feet tall in full sun and well drained soil. Very upright, showy flowers on strong stems. Attracts butterflies. Deer resistant. Resistant to drought once established.

Echinacea 'Tiki Torch'

TIKI TORCH CONEFLOWER

The huge 4 ½" blooms on Echinacea 'Tiki Torch' have 15 to 19 broad, thickly textured overlapping florets surrounding a burnished copper colored cone. They have sturdy stems and bloom profusely from early or mid-summer until early autumn. Spicy fragrance.

Echinacea 'Tomato Soup' 19427

TOMATO SOUP CONEFLOWER

The 32" tall clumps are topped in summer with large 5" flowers, attractive to hummingbirds, whose petals indeed look like the color of mama's tomato soup.

Hemerocallis 'Bermuda Peach'

BERMUDA PEACH™ DAYLILY

An early-blooming member of the Island Series of daylilies with ruffled peach blooms on a more compact plant. A long bloom season and multiple flowering cycles are perfect for mass plantings and perennial beds. Rust resistant. Matures to 15-18 inches tall.

Hemerocallis 'Caribbean Coral'

CARIBBEAN CORAL™ DAYLILY

Another early-blooming daylily from the Island Series with bright orange blooms on a more compact plant. A long bloom season and multiple flowering cycles showing rust resistance make this a must have perennial. Matures to 15-18 inches tall.

Hemerocallis 'Frosted Vintage Ruffles'

FROSTED VINTAGE RUFFLES DAYLILY

Fragrant mid-sized cream-tan flowers set off with ruffled antique-pink edges. Early bloomer. Reblooms. 22-24" tall.

(Some items not available until summer/fall 2012)

Hemerocallis 'Jamaica Sunrise'

JAMAICA SUNRISE™ DAYLILY

A new introduction of Garden Debut's Island Series. An early-blooming daylily with orange-red petals and a yellow throat on a more compact plant. A long bloom season and multiple flowering cycles are perfect for mass plantings and perennial beds. The compact grass-like foliage is rust resistant. Matures to 15-18 inches tall.

Hemerocallis 'Kokomo Sunset'

KOKOMO SUNSET DAYLILY

Another member of the Island Series that has 4 inch wide deep golden blooms with burgundy-red eyes. The blooms have a light ruffled edge and a green throat. Matures to 14-18 inches tall.

Hemerocallis 'Montego Melon'

MONTEGO MELON™ DAYLILY

A member of the Island Series with soft yellow blooms on a more compact plant showing the same characteristics of the others. Matures to 15-18 inches.

Hemerocallis 'Pink Abundance'

PINK ABUNDANCE DAYLILY

A reblooming double pink flower with thick recurved 5-inch petals on 26-inch stems.

Hemerocallis 'Rocket City'

ROCKET CITY ORANGE DAYLILY

Back by popular demand, this large 6" bittersweet orange blooming daylily has a burnt orange throat and gold midribs. Very showy on 36" scapes. Recurved petals have a slightly ruffled appearance. Midsummer bloomer.

Heuchera 'Berry Smoothie' PPAF PVR

BERRY SMOOTHIE CORALBELLS

Large, vibrant pink leaves that include tones of purple-rose to rose-pink. This handles heat, humidity and frigid cold without a fuss. Forms a large, robust mound to 18" tall and wide. Short flower spikes rise 10" above the foliage.

Heuchera 'Georgia Peach'

GEORGIA PEACH CORALBELLS

Peach leaves up to 8" across have a silver tint. Cream flowers in midsummer. Turns a warm purple-rose in fall. A *H. villosa* hybrid that is 18" tall by 24" wide.

NEW TO BREHOB NURSERY 2012 PERENNIALS

(Some items not available until summer/fall 2012)

Heuchera 'Plum Royale' PP20935

PLUM ROYALE CORALBELLS

Mounds of purple leaves hold their color all summer long. The foliage provides winter interest turning silver with a hint of purple. Pinkish white blossoms appear in summer on dark stems just above the foliage. 6-8"

Heuchera villosa 'Southern Comfort' PP 20364

SOUTHERN COMFORT CORALBELLS

The vigorous 14" tall x 2' wide evergreen clumps produce an abundance of amber-colored leaves that emerge peachy-orange. As fall approaches, the entire plant takes on a coral-orange hue.

Iris g 'Cat's Eye'

CAT'S EYE GERMAN IRIS

Bi-tone Iris with a dark cherry-red thumbprint on its lighter mauve-rose petals. A 15" tall dwarf.

Iris g 'Circus Dragon'

CIRCUS DRAGON GERMAN IRIS

Showy yellow blooms have an orange beard at the ends of its stems. Blooms late spring 18" tall.

Iris g 'Tennison Ridge'

TENNISON RIDGE GERMAN IRIS

This tall bearded Iris has ruffled plum-burgundy falls with matching standards and a white center. It has an amazing bud count and can produce 3 to 4 stalks per rhizome for a wonderful extended bloom time. It can rebloom in the fall. Grows 38" tall.

Iris pumila 'Smart'

SMART DWARF BEARDED IRIS

Early spring violet bloom with purple spots on its petals. A 10-12" tall dwarf.

Lobelia 'Monet Moment'

MONET MOMENT CARDINAL FLOWER

Masses of rose pink spiked flowers with burgundy foliage that blooms from summer into early fall. 36" tall by 18" wide.

Lychnis 'Orange Gnome'

ORANGE GNOME CATCHFLY

Brilliant orange-scarlet flowers measuring 1.5 inches across are produced in abundance beginning in early summer and lasting nearly 8 weeks. The foliage is nearly as pretty as the flowers having a purplish-bronze cast over the naturally dark green leaves. The contrast is dazzling! 8"

NEW TO BREHOB NURSERY 2012 PERENNIALS

(Some items not available until summer/fall 2012)

Nepeta 'Psfike'

LITTLE TRUDY CATMINT

This catmint has distinctive serrated silvery foliage and a long season of lavender bloom. This dwarf is only 10" tall by 18" wide.

Rudbeckia fulgida 'Early Bird Gold'

EARLY BIRD GOLD BLACK EYED SUSAN

Patented variety that blooms as early as January in Florida! Earlier blooming in all climates. A beautiful flower with golden petals and a deep brown cone sitting above deep green foliage. Low maintenance as well as drought tolerant. 24" tall.

Salvia Vermilion Bluffs™ (darcy 'Pscarl')

VERMILION BLUFFS MEXICAN SAGE

Summer through fall, a bright red, 3 foot flower spike rises above the arrow-shaped lush green foliage. Growing 42" tall by 36" wide, it's a real show stopper.

Scabiosa jap 'Pink Diamonds'

PINK DIAMONDS PINCUSHION FLOWER

A dwarf scabiosa growing just 6" tall with pink blossoms that look similar to 'Butterfly Blue'. Makes a great border plant.

Sedum hakonense 'Chocolate Ball'

CHOCOLATE BALL SEDUM

Short, spreading, very unique chocolate-red foliage with yellow blooms. Evergreen foliage even in zone 3. Great as a ground cover, in a rock garden or in a container. 6-8" high by 12" wide.

Sedum spurium 'Summer Glory'

SUMMER GLORY SEDUM

A very vigorous, creeping perennial ground cover. The succulent leaves are broad with toothed edges that acquire a reddish tint in the fall. Makes a low growing mat only about 4 to 6 inches in height with a 6 to 10 inch spread. Starry, dark pink colored blossoms appear July through September. Thrives in full sun. Must have soil that is well drained. Will tolerate poor soil.

Trollius × cultorum 'Orange Crest'

ORANGE CREST GLOBEFLOWER

Leaves emerge red, turning green as they age. The bright orange buds, striped in red, open yellowish-orange with a darker center creating a striking two-tone effect. Grows 24" tall by 16" wide.
